## SUMMARY

I am a proactive intern passionate about web development using Java, continuously learning and staying updated with new technologies to build efficient applications, optimize performance, and enhance user experiences. I enjoy working with backend frameworks, databases, and APIs to develop scalable web solutions while improving my technical skills.

## TECHNICAL SKILLS

Professional Skills	Soft Skills
<ul style="list-style-type: none"><li>• Programming languages: Java, Python, C#, etc.</li><li>• Frameworks: Spring Boot, Flask, Django, etc.</li><li>• Experienced in Postman, RestAPI, SQL, MySQL, Docker, etc.</li><li>• Familiar with GitHub</li><li>• Knowledgeable in data structures</li></ul>	<ul style="list-style-type: none"><li>• Clear and concise communication of technical concepts.</li><li>• Strong self-learning ability and curiosity for new technologies.</li><li>• Effective problem-solving and analytical thinking.</li></ul>

## PERSONAL PROJECTS

### E-Commerce Website

- **Technologies:** Java, Spring Boot, HTML, CSS, MySQL, Postman, etc.
- **Description:** Developed a web platform for managing products, orders, and carts with role-based access (admin, agent, customer). Implemented JWT authentication, secured APIs, and optimized performance using Spring Data JPA.
- **GitHub:** [E-Commerce Website](#)

### Real Estate Management Website

- **Technologies:** Java, Spring Boot, HTML, JavaScript, CSS, MySQL, Postman, etc.
- **Description:** Developed property listing management with create, edit, and delete functionalities. Implemented admin approval for listings before publication. Built

transaction management for creation, verification, and status tracking. Secured authentication and role-based access (Admin, Agent, Customer).

- **GitHub:** [Real Estate Management Website](#)

## AI Customer Insight

- **Technologies:** Python, Pandas, Flask, Sklearn, Excel, Tableau.
- **Description:** Built an AI-powered system to classify customers, predict behavior, and provide business recommendations. Deployed as a web app for easy data access and strategy optimization.
- **GitHub:** [Project AI Customer Insight](#)

## CERTIFICATES

---

Aptis Certificate – Level B2 (British Council)

2024

## ACTIVITIES

---

Member	2021 – 2023
<b>Member of the IT Faculty Academic Club (ICON)</b>	
<ul style="list-style-type: none"><li>• Participated in discussions and academic exchanges to enhance specialized knowledge for IT faculty students.</li><li>• Took part in competitions organized by the university and faculty to improve expertise.</li></ul>	

## EDUCATION

---

Ton Duc Thang University

2021 – 2025

Faculty of Information Technology

- Bachelor of Science in Computer Science.
- Current GPA: 3.14/4.0
